PRESIDENT IS "DIGGING INTO" MORE EXERCISE

KEY WEST, Fla. (AP)—The sun played hide-and-seek behind rain clouds today and President Eisenhower turned to indoor painting of a Colorado mountain scene.

By MARVIN L. ARROWSMITH
KEY WEST, Fla. (AP)—President Eisenhower, vacationing here, is doing just as the doctors said: getting more exercise.

He started right in after arrival from the capital yesterday afternoon.

After lunch and a nap, he practiced golf shots for about 30 minutes on the baseball diamond close by his living quarters on the naval base here. Then he took an hour-long stroll, visiting a dock where a number of submarines were moored.

He showed special interest in one of the subs, the Amberjack, which right after World War II was skippered by his naval aide Cmdr. Edward L. Beach. Beach, who was along on the walk, described some of the features of the submarine.

Appears Relaxed

The President appeared relaxed in lightweight khaki trousers, khaki sweater and a dark blue sport shirt. The sun was bright and the temperature in the middle 70s.

Along with him on the stroll were his personal physician, Maj. Gen. Howard M. Snyder; his youngest brother, Dr. Milton S. Eisenhower, president of Pennsylvania State University; and a few White House staff members, Beach among them.

The President's golf practice attracted a small gallery. James C. Hagerty, White House press secretary, said it was the first time since Sept. 23—the day before his heart attack—that Eisenhower had done anything more than putt.

Returns January 8

The nine-iron club which Eisenhower used required a three-quarter swing and there was nothing restrained about it. He hit about 30 balls 50 to 80 yards.

Agately announced on arrival here that Eisenhower probably will return to Washington Jan. 8—five days after the opening of Congress and three after the lawmakers receive his annual State of the Union message.

During the visit here the President plans to complete that message and get in some work on other messages which will go to Congress next month. The main purpose as outlined by his doctors, however, is to get more outdoor exercise.

Stars and Stripes Fly Again Over Byrd Camp In Antarctic

LITTLE AMERICA (AP)—The Stars and Stripes were raised again at Little America yesterday. The site of the first two camps built in the antarctic by Rear Adm. Richard Byrd was desolate.

The buildings of the first camp built in 1928 are covered by an estimated 60 feet of snow and ice. The second camp is about 40 feet below us.

Tops Of Towers

All we found on the surface at 3 a.m. were the tops of towers and poles.

The experts aboard the icebreaker USS Glacier haven't decided yet where to build the permanent main base of the current United States antarctic expedition. The base will be used during the next

three years by International Geophysical Year scientists.

The experts are seeking a site that would be unlikely to break off and float to sea. The right spot would also be free of crevasses and practical for loading cargo for ships from the bay ice up to the ice shelf.

Macabre Scene

The specific area known as Little America near the Bay of Whales may not be chosen again but no one here will ever forget the macabre scene.

Sticking up from the wind swept snow are the tops of two steel radio towers built at the first Little America. The towers were originally 70 feet high. Today only about

Governors Asked To Use Powers To Curb Traffic Toll

CHICAGO (AP)—The nation's governors have been urged to take drastic emergency measures to cut the traffic toll over the New Year's weekend.

The action was asked yesterday by the National Safety Council in view of the record 609 traffic deaths over the Christmas weekend.

The governors were asked to "use every resource at your command to step up traffic enforcement in your state over the holiday."

The council predicted 420 persons will be killed in traffic mishaps Friday night, Saturday, Sunday and Monday. That would be a record toll for a New Year holiday period.

REV. R. W. SADLER, COUNTY NATIVE, PASSES AWAY

The Rev. Richard Watson Sadler, 65, pastor of Union Congregational Church, Tuckahoe, N. Y., and native of Adams County, Pa., died Tuesday in the Bronxville Hospital following a heart attack.

The son of the late Watson and Myra Rippey Sadler, he was born near Idaville. He attended the public schools near his home and was graduated from Conway Hall, the former preparatory school for Dickinson College, and from Harvard University. He also attended Boston University Seminary School.

Served in War

He enlisted in the Army in World War I and served as a lieutenant in a cavalry division in France.

After the war, he was a broker in Wall St. In the late 1920s he left the business world to enter the ministry and served congregations in Maryland and in Massachusetts before going to Tuckahoe.

Surviving are his wife, the former Ellida Breidabek; three daughters, Mrs. Ellida Jacobs, wife of the Rev. George Jacobs, Georgetown, Ky.; Mrs. Ann Parker, wife of the Rev. George Parker, just returned to Texas from the foreign missionary fields; and Mrs. Nancy Childs, wife of W. J. Childs, member of the faculty of Lafayette College, Easton; two brothers, Isaac L. Sadler, Gardner, R. D., and Rippey T. Sadler, an attorney in Brooklyn; two sisters, Mrs. William Ross Scott, Washington, D. C., and Mrs. John Smith, Paducah, Ky., and five grandchildren.

Funeral services this afternoon at 2 o'clock in the church of which he was the pastor with his son-in-law, the Rev. Mr. Jacobs, officiating. Graveside services will be held Friday at 2 p.m. in Rock Chapel Cemetery near York Springs.

PENNINGTON IMPROVES

Slight improvement was reported today in the condition of Peter Pennington, 17, W. Broadway, who is a patient in the University of Maryland Hospital, Baltimore.

Pennington was struck on the left side of the face by an elbow during basketball practice at Gettysburg High School Wednesday morning.

His left arm and left leg still show weakness from the paralysis which developed following the accident. He is now able to talk plainly and most of the dizziness he suffered has dissipated, his doctors reported today.

SAY FARMERS HAD DIFFICULT TIME IN 1955

Adams County farmers had, generally, a more difficult time of it financially during the last year, according to the annual report of Agricultural Extension Work in the county made by County Agent Frank S. Zettie, Associate County Agent Fred H. Attinger and Assistant County Agent John D. Naugle to the state.

"Farmers in general are having a more difficult time making ends meet because of the cost-price squeeze," the county agents wrote. "Fruit prices with the exception of peaches were off from last year. Sowine prices were considerably below last year. Fat cattle were a little weaker."

But there were some improvements. "Dairy prices remained stable and the poultry situation greatly improved."

Weather Problems

According to the report "insects and diseases were of considerable importance and difficult to control because of weather conditions."

The year was characterized by being both the driest and wettest on record. "The months of July and August were the driest and hottest ever recorded for this area. Then in the latter part of August excessive rains fell from two hurricanes. The remainder of the fall was wet and many farmers experienced difficulty in planting wheat."

"Yield of grain crops was lower this year," the county agents reported, "particularly corn, because of the drought. Hessian fly reduced the wheat yields considerably in the southeast part of the county. The fruit crop was excellent this year both in yield and quality. Hay yields were average. The labor situation changed very little from last year. The year-around labor was scarce and expensive with adequate seasonal labor."

The county agents concluded their report by noting: "Only the more efficient farmers are prospering. Efficient production and intelligent management are prerequisites of successful farming today."

The pallbearers were four uncles of the deceased: Paul E. Renner, Gene R. Renner, Eugene Snyder and Samuel D. Snyder Jr.

COUNCIL OKAYS LIGHTING PLAN IN LITTLESTOWN

At the regular meeting of the Littlestown Borough Council Tuesday evening with President James V. Yingling presiding, the council moved to adopt the Metropolitan Edison Company's plan for improving street lighting in the borough. Improvements will be limited to North and South Queen Sts. since these have been recently improved with respect to sidewalks and roadbed.

The council also accepted a deed from John D. and Janet S. Basehoar for a parcel of land 3 feet by 264 feet to increase the width of the first alley east of S. Queen St. three feet from E. King St. to the alley in the rear. Consideration was \$1.

The council voted to continue the amusement and admission tax ordinance for 1956.

Permits Granted

Three water permits were issued and building permits granted to the following: Mary A. Dillman, 544 S. Queen St., to trim shade trees; R. S. Bowers and Son, to paint building at 44 S. Queen St. for Thomas J. Rademaker; Ernest R. Sentz, 120 E. King St., to excavate and/or erect a car port, frame metal covered, rear of 120 E. King St.

Expenditures for the past month were announced as follows: Borough fund expenditures, \$1,817.74; water fund expenditures, \$1,960.98; sanitary sewer fund, \$767.41; police pension fund, \$387.90. Total expenditures were \$4,934.03.

Income amounted to \$920.67 for December including admission (Continued on Page 3)

COHN SUCCEEDS RICE ON LIQUOR CONTROL BOARD

HARRISBURG (AP)—A. D. Cohn, York, today was Gov. Leader's choice to succeed John S. Rice, Gettysburg, as a member of the state Liquor Control Board.

The governor named Cohn to the \$14,000-a-year post yesterday and asked the Senate for confirmation. The governor previously appointed Rice as secretary of property and supplies to take over when the resignation of William D. Thomas, Sharon, becomes effective Dec. 31.

Rice's appointment was confirmed by the Senate last night along with that of Henry E. Harner, Harrisburg, as secretary of the commonwealth.

Harner succeeds Finnegan as Adams County Board of Public Assistance and the board of the York American Red Cross. He is married and the father of two daughters.

Ten Inch Fall Of Snow Blankets County Sunday: Gettysburg and Adams county today were digging out from under a 10-inch fall of snow, the heaviest precipitation so far this winter.

Beginning at 10:30 o'clock Sunday morning the snow swirled and eddied during the afternoon until more than six inches of the blanket had been laid.

For a short time, Sunday evening the snow let up, but shortly after 7 o'clock the precipitation began again, continued throughout the night and finally tapered off just before noon today.

After the snow let up a bright sun went to work on nature's snow removal program.

New Prothonotary Engages Deputy: C. Arthur Brame, Straban township, prothonotary-elect of Adams county, today announced that Miss Viola Sachs, Baltimore street, will be his deputy when he assumes office a week hence. Prothonotary S. L. Allison and his daughter-deputy, Mrs. Margaret Leister, will assist Mr. Brame in the duties of his office for several weeks.

Littlestown Girl Is Wed Christmas: The marriage of Miss Mary Elizabeth Rider, daughter of Mr. and Mrs. Thomas J. Rider, of Littlestown, to Howard McClellan Beck, son of Mervin L. Beck, Mechanicsburg, took place on Christmas morning at 10 o'clock in the St. Aloysius church rectory in Littlestown.

C. A. Cluck Heads Cashtown Firemen: C. A. Cluck was elected president of the Cashtown fire company at the annual election meeting Thursday evening. Other officers chosen include: Robert Robert, vice president; Donald Hershey, secretary; George Carbaugh, treasurer; John Geyer, chief; D. S. Mickle, Clarence Andrews, Robert Robert, assistant chiefs; D. S. Mickle, Charles Kuhn, Clarence Andrews, Dale Bream, Byron Robert and Russell Singley, drivers. Charles Kuhn was elected trustee, succeeding George Carbaugh.

Couple Married Christmas Eve: Paul L. Hollinger, near Littlestown, and Miss Mabel G. Biddinger, Littlestown, were united in marriage Christmas Eve at 6:30 o'clock at the St. John's Lutheran parsonage, West King street, Littlestown. The ceremony was performed by the Rev. A. R. Longenecker.

Countians Are Principals In Three Weddings: Miss Frances M. Colgan, daughter of Mr. and Mrs. F. X. Colgan, McSherrystown and Marvin C. Kress, son of Mr. and Mrs. Charles A. Kress, Hanover, were married Thursday morning in the rectory of St. Mary's Catholic church, McSherrystown, by the Rev. Joseph N. Whalen, rector.

A wedding was solemnized Thursday morning in St. Mary's church, New Oxford, when Miss Madeleine E. Staub, daughter of Mrs. Leo Staub, New Oxford, became the bride of Roy M. Staub, son of Mr. and Mrs. John Staub, New Oxford.

Mary Katherine Costello and James Ernest Brown, both of New Oxford, were married Monday afternoon at the Methodist Episcopal parsonage, Westminster.

Christmas Is Observed In Usual Manner: Gettysburgians and Adams countyans observed Christmas in their time-honored customary manner.

All churches were well filled for the various Christmas services that began at midnight for some and at dawn for others.

Choirs sang special holiday programs and pastors had Yuletide messages as their sermon themes. Carol singers rode about town Christmas eve and early Christmas morning serenading many with Christmas carols.

Gayly lighted exteriors of many homes and the snowstorm added color and spirit to the occasion.

JOY IN PURSUIT

Nothing is so inspiring and stimulating as to have a purpose and pursue it. One reason for so many failures in life is that they have no idea as to where they are going or what they should do. One of the translators of Marcus Aurelius declared that he could think of nothing more useful in his old age than to translate the thoughts of this noble ruler.

There is joy in the pursuit of an idea that is useful and interesting. Collectors will know what I mean when I say that the pursuit of some rare item of literature is a spiritual joy, and this applies to any instructive and interesting hobby.

I have a book in which writers were asked to name their greatest book. Some did but many said that their greatest was yet to be! There is joy in pursuit when it means doing something better than it has been done before. Writers are still hopeful of writing "the great American novel." There are those who say that it has already been written. But what is its name?

Naturalists are forever in pursuit of some rare flower or bird, and for knowledge of it at first hand. Fabre produced many an absorbing book, but the ones on insects occupied most of his time. W. H. Hudson tramped the fields and pampas of Argentina, and later the fields and byways of England, pursuing many an objective, so that his books are all intensely interesting and instructive, written in fascinating prose. His intimate letters emphasize his joy in it all.

Did you ever know of a genuine artist who wasn't forever pursuing something better? And what joy he, or she, has in this thrilling occupation! There is always joy in going the one thing you would rather do than anything else, no matter what that work may be.

Tomorrow Mr. Adams will talk on the subject: "Pictures Explain Themselves"

Just Folks

THE OLD YEAR

He will not live the night through. The old year lies on his death bed, pale and tired and worn.

He will not wake to greet us with the morn.

Upon the stroke of twelve there will appear
Another who will take his station here

To bear the self-same burdens he has borne,
Welcomed as he was once with bell and horn,
And in twelve months, like him, to disappear.

Nothing will change unless mankind shall change.
The same four seasons, winter and spring,
The summer flowers and autumn's harvesting
Will grace the world. No love, no passion strange
Shall jolt us from the habits that we know—
Unless men world-wide over will it so.

REDS UNHAPPY OVER U.S. NOTES ON CHRISTMAS

By RICHARD K. O'MALLEY

MOSCOW (AP)—Communist party boss Nikita Khrushchev today charged President Eisenhower with "outrageous interference" in the internal affairs of the Communist-ruled countries of East Europe.

Khrushchev's blast before a joint session of the Soviet Parliament was occasioned by Christmas messages the President and other leading Americans broadcast to the East Europeans.

The party boss accused the United States of trying to "re-establish capitalism" in the countries of the Soviet bloc.

"But it is impossible to turn back history," he declared.

Khrushchev said the American Christmas messages, which generally stated the authors were praying for the liberation of the East European countries, were "incompatible with the Geneva spirit."

"Respect Him So Much"

"It leads to the incitement of passion," he declared, adding that "I speak about President Eisenhower in such a manner unwillingly, because I respect him so much."

Khrushchev declared that agreement on disarmament has been "hindered by a change in the position of the United States."

He charged that the United States was not discussing a reduction of armaments but was "putting on the first level only the proposal of President Eisenhower at the Geneva conference about the exchange of aerial photographs."

"How does it differ from military intelligence?" he asked. "It differs in no way at all."

Khrushchev said that although "we do not want to boast about our military and technical strength," he wished to remind the West about the recent Soviet hydrogen bomb explosion.

"The power of this weapon was equivalent to many million tons of ordinary explosives," he said, "and it can be considerably increased."

"People who are trying to increase tension should remember the results of this test," he added.

(The Moscow - Frankfurt telephone line on which this story was being dictated was broken by the Soviet censor for five minutes after Khrushchev's hydrogen bomb statement was mentioned.)

FCC Stays Sale Of UHF-TV Stations

WASHINGTON (AP)—The Communications Commission has stayed temporarily the authority it granted Nov. 2 for the sale of Lebanon, Pa., UHF station WLBR-TV to Triangle Publications.

The commission yesterday ordered a hearing to start here Feb. 29 on protests to the proposed sale made by UHF TV stations WHP-TV, WPTA and WCBM-TV, all of Harrisburg, Pa., and WHUM-TV, Reading, Pa.

All claimed they would suffer economic injury, through the change in ownership. WLBR-TV is not now operating.

Triangle publishes the Philadelphia Inquirer and operates Philadelphia TV station WFIL and other TV outlets.

Make New Effort To Settle Strike

PITTSBURGH (AP)—Negotiators for the AFL-CIO International Union of Electrical Workers and Westinghouse Electric Corp. made another effort today to settle the 74-day-old strike of 44,000 members of 30 plants of the big electrical manufacturing firm.

A deadlock in negotiations continued after the company late yesterday rejected another union proposal that the dispute be submitted to arbitration.

Federal Mediator John R. Murray also set up talks today between the company and the Independent United Electrical Workers, which has some 10,000 members on strike at 10 additional plants. It is the first company-UE bargaining session since before Christmas.

POSTS \$100,000 FOR DAUGHTER

LOS ANGELES (AP)—It will cost Moslem Prince Aly Khan \$100,000 each time his daughter Yasmin, 5, leaves the United States to visit him.

His agreement with ex-wife Rita H. A. y. o. r. h. disclosed Tuesday also says the Aga Khan, father of Aly and spiritual leader of five million Moslems, must give written assurance that Yasmin will be returned to her actress mother.

The terms became court record yesterday during hearings on Rita's \$150,000 damage suit against Columbia Pictures. She charges the studio failed to start filming a biblical movie last March 7 which, she says, was the prescribed date.

The studio is countering her for breach of contract, saying she walked out on the picture in April.

Prince Aly, her third husband, and Yasmin entered the legal picture because Miss Hayworth, in weeping testimony, said the studio had promised to try with "utmost diligence" to have her scenes in "Joseph and his Brethren" completed by June 25 so she would be free to take Yasmin to France to visit Aly.

The \$100,000 payments are to be posted with a New York bank. The agreement provides that the money can be used to pay any expenses needed to regain the child if her father does not return her.

If the money is not used for that purpose, it remains in trust for Yasmin until she is 25. Other provisions of the settlement include an \$8,000 annual payment by Aly for living expenses of his daughter and a stipulation that Miss Hayworth agrees to see that Yasmin receives two hours instruction each week in the Moslem faith.

Eliminated is a provision of Rita's Reno, Nev., divorce which provided a \$48,000 annual support payment from Aly.

Salesman Killed As Customer Hits Truck

SHENANDOAH, Pa. (AP)—A car collided with a truck near here yesterday, killing an auto salesman who was demonstrating the car.

A potential customer, Francis Manbeck Jr., Frayville, was driving, state police said, when the car clipped the rear of a truck it was about to pass.

The collision killed Thomas Greaney, 50, of Pottsville, salesman for a Pottsville auto dealer the past 20 years. Manbeck's parents, Francis Sr., 44, and Ada, 46, were riding in the back seat. The Manbecks and the truck driver, William Schlack, 30, Shenandoah, were taken to Locust Mountain State Hospital. None were reported in serious condition.

SALK VACCINE AVAILABLE FOR ALL CHILDREN

HARRISBURG (AP)—The state secretary of health contended today that some Pennsylvanians are "unwilling" to use allocated Salk antipolio vaccine—an attitude that has caused some serum to become outdated and useless.

The attitude of some residents of Pennsylvania toward the vaccine developed by Dr. Jonas E. Salk, Pittsburgh, is "apathetic," said Dr. Berwyn F. Mattison, adding: "There has been a marked contrast between the reaction of the public which regards the discovery of the Salk vaccine as the most important event of 1955, and its unwillingness to use the vaccine now available."

Lack Of Interest

He said yesterday that reports received by his department show that only about one-fourth of the available vaccine in Pennsylvania has been used.

Reports from the National Foundation for Infantile Paralysis, he declared, also indicate less interest in second shots than in the first dose among children who received their serum under the foundation's school program.

"The vaccine has become outdated in some areas because of insufficient demand for its use," Mattison added.

Users Fall Off

Some 406,036 Pennsylvania children were inoculated last spring under the foundation program but the secretary said that since Oct. 15, when second shots were available, only 300,000 children have been inoculated.

Reports from the U. S. Public Health Service show that 982,950 shots of serum were sent into Pennsylvania but the same agency reports that only 250,000 shots have been used.

The expiration date on most of the serum now on hand, Mattison said, is April 1956.

Should Start Immediately

"If the full value of the vaccine is to be realized then the immunization should start immediately so that children may have completed their three Salk shots before the peak of the 1956 polio season," he explained.

First doses of the vaccine are now available for all children, he said, the second dose four weeks later and a final shot in July.

Shore Resort Bids Goodbye To Trolley

ATLANTIC CITY, N. J. (AP)—Residents provided a rousing but sentimental farewell to this resort's old trolley line—the last remnant of surface streetcar transportation in New Jersey.

A 20-car "trolleycade" rumbled through the town yesterday, loaded with city officials and others on the final ride to the car barns.

Sirens blared from a motorcycle escort. Bands from two high schools furnished snappy music.

Buses have rolled onto the streets of Atlantic City, Ventnor, Margate and Longport as replacements for the trolleys.

GOP Leaders Debate Listing Ike On Ballot

HARRISBURG (AP)—Republican leaders were called to Harrisburg today to discuss placing President Eisenhower's name on the GOP ballot at the April 24 presidential preference primary.

Miles Horst, state chairman, said before the meeting that the 35 party leaders would "begin planning for the all-important 1956 election campaign to re-elect President Eisenhower."

"There is a lot of sentiment among Republicans and voters generally to place the President's name on the primary ballot," Horst said.

Under Pennsylvania law, the signature of a presidential candidate is unnecessary on petitions to place his name on the party ballot. The result also is not binding on convention delegates.

Replacement heifers for the beef cow herd requires more care and higher quality feed than the brood cows. To give them this extra care and feed required, winter them apart from the brood cow herd.

A well developed female should be able to enter the brood cow herd as a two-year old and thrive on a 100 per cent roughage ration. To do this, she must receive extra care as a calf and yearling.

Calves and yearlings cannot be wintered with older cattle and developed properly. Replacement heifers need all the good quality roughage they will consume plus three or four pounds of grain per head daily. Such a ration would be too expensive to feed to dry brood cows. Yet many herd owners fail to separate their calf crop at a weaning age of 6 to 8 months, and expect the youngsters to compete with old cattle at the feed rack.

While it is important to keep feed costs low it seldom pays to omit good roughage and some grain from the winter ration of replacement heifers.

Heifer calves six to 12 months old will require approximately the following:

Hornets Are Easy Fare For Barons

By THE ASSOCIATED PRESS

The Cleveland Barons, with a strong hold on fourth place in the American Hockey League, have found a cousin in the third place Pittsburgh Hornets.

Every other club in the league holds a lead in this season's series over the Barons except the Hornets. But in five games with Pittsburgh, Cleveland has come out on the long end of the score three times, the latest being last night when the Barons won 4-1.

Roy McMeekin, Cleveland goalie, turned back 36 shots and blanked the Hornets after Gary Foley scored for Pittsburgh at 5:01 of the first period. But Jack Gordon and Joe Lund put Cleveland ahead 2-1 by the end of the period and in the third period Gordon scored his second goal of the game and Cal Stearns added the final counter.

SQUIRES DROP 53-43 CONTEST TO BUBBLERS

The Delone Squires dropped their third straight basketball game as the Bubblers from Boiling Springs came from behind to take a 53-43 decision on the victor's court Wednesday night. Delone now has three wins in seven starts while the Bubblers are 8-3.

Both teams played a nip and tuck game during the first half with just four leads dominating the scoring. Carroll Funk and Dick Smith connected on long sets and one-handed jump shots plus a pair for charity tosses to combine and outscore the Bubblers 12-10 in the first period. Ron Brownawell and Paul Hammann did the set shooting for the home team while Ed Dasher and Dean Vaughn each contributed two pointers.

Neither team could gain a commanding lead in the second frame. With the same men landing spectacular shots from all over the court, the fans were kept on edge throughout. Eddie Dasher connected on four straight field goals for Boiling Springs in the closing minutes of the half. Rus Grove also hit the scoring column by dunking a set from the corner.

Funk and Richie Hemler put their foul shooting ability together and dumped four out of six free throws which was enough to give Delone a lead over the Bubblers at half time 26-23.

Dasher Takes Over

The third frame turned out to be Dasher outscoring Delone. Dasher, a 6-3 forward on Coach Bud Ecker's team, landed four field goals and four out of five free tosses for 12 points, enough to top Delone's seven. Dasher landed two fouls with Dick Smith jumping back on a lay-up as the third quarter got underway. Then Dasher swished a pair of push shots from the corner and Brownawell added a pair of fouls to give the Bubblers a 31-28 lead. After Joe Poist dropped a free throw, Grove, Dasher and Brownawell were off again on jump shots and layups. Phil Staub and Tom Klunk were the only Delone lads to score after that, and at the end of three frames the Bubblers were out in front 41-33 and this time their lead was never lost.

Dasher started the final period by landing a quick layup. Dick Smith then swished a long set and came right back with a one-handed push from the side. Phil Staub added a free toss and Delone had cut the Bubblers' lead away to five points. The Squires were able to get through-out the remainder of the game. Dasher was the big gun in the scoring column as he landed 11 field goals and four fouls for 26 points. Dick Smith and Carroll Funk were high for Delone with 18 and 12 respectively.

Win Fifth Game

The Delone reserves captured their fifth win in seven starts as they defeated the Boiling Springs reserves 36-27. Delone took the lead in initial frame and was never threatened after that. Lloyd Washington and Ray Sanders were high men for Delone with 10 points while Don Grove topped the losers with seven.

On Friday Delone will travel to Littlestown for a return engagement with the Thunderbolts.

Cotton Bowl Teams Are Both Hungry

DALLAS (AP)—The Cotton Bowl teams — Texas Christian and Mississippi — are rated even enough that the question of which will win may simmer down to which is the hungrier.

On that point it would appear the schools are running virtually a dead heat — both are starved, for bowl victories that is.

Texas Christian has the longest famine. The last time it won a bowl game was 1939 when it beat Carnegie Tech 15-7 in the Sugar Bowl. Mississippi's last victory was over this same Texas Christian in the now defunct Delta Bowl in 1948.

But Mississippi never has won a major bowl game and it has appeared in three in the past 20 years. Coach Johnny Vaught of Mississippi has coached the team in its last two appearances—both in the Sugar Bowl.

BULLET CAGERS RESUME DRILLS

Gettysburg College basketball squads have resumed drills after an abbreviated holiday vacation.

The varsity squad reported to Coach Bob Davies Monday evening and two sessions—morning and late afternoon—are being held daily.

Next Wednesday evening the Bullets (3-4) meet a newcomer on the schedule, the University of Scranton, here at 8 o'clock.

The freshman squad resumed workouts Wednesday evening.

A 16-game schedule confronts the yearlings, the first of which will be played Saturday, January 7, at Lebanon Valley as a preliminary to the varsity contest.

PITTSBURGH WILL DEPEND ON POWER, PUNTS

By JAMES SAGGUS

NEW ORLEANS (AP)—Power and punting are the key weapons in Pittsburgh's plans to upset Georgia Tech in the Sugar Bowl football game Monday.

"We've banked on them all season and they haven't let us down," Pitt coach John Michelosen said today. "We've gotten most of our yardage on power plays through the line."

"Our line isn't as fast and tall as Tech's," he said, "but we're hoping we can get the holes we need for our backs."

Punting could be a top weapon both on offense and defense.

"Tech's got tremendous speed and uses it best on punt returns," Michelosen said. "We think our punter can get enough height on the ball to give our ends time to get down before their safety man can get his speed up."

Punter Looks Good

The punter is reserve guard Bill Schmitt, who looked magnificent in practice.

Pitt team physician Dr. W. K. Smith said regular fullback Tom Jenkins' knee showed some improvement yesterday, but that it was still doubtful whether he would play. He was on crutches when he wasn't on the training table.

If Jenkins is unavailable, Pitt will start Bob Grier, the first Negro to appear in the Sugar Bowl.

The coaches kept a close watch on their squad today to see whether shots against intestinal virus would prevent further cases.

Five players have had the virus since the team's arrival here Monday. Last night Dr. Smith gave shots to members of the team and staff.

Regular quarterback Pete Neft and regular halfback Lou Cimaroli missed drills yesterday. The other three already had shaken it off.

Three Are Tied For Wrestling Title

WILKES-BARRE, Pa. (AP)—The Wilkes College annual Open Wrestling tournament team title is up for grabs today with defending champion Michigan, 1953 titlist Pittsburgh and Lehigh in the drivers seat.

The three teams were tied with 11 points each after yesterday's preliminaries which saw the field of 293 whittled down to 40 for today's semi-final and final rounds in 10 weight classes.

Pittsburgh placed five men in the final rounds and Michigan four. Lehigh, Cornell, Syracuse and Lock Haven (Pa.) STC each placed three. Pre-tournament favorites in the semifinals are 177-pound Joe Krufka of Penn State, a former Olympic team member, and Frank Betucci, former Cornell ace, at 147 pounds.

LEADER NAMES 29 TO STATE FEPC

HARRISBURG (AP)—The state's first Fair Employment Practices Commission had five Democrat and four Republican members today subject to confirmation by the Senate.

Democrats named to the commission by Gov. Leader yesterday are Judge Homer S. Brown of Allegheny County; Mrs. Florence Reisenstein, Pittsburgh; Matthew H. McCloskey III, Bryn Mawr; Charles P. Brown, Hollidaysburg; and Harry Boyer, Reading, state CIO president.

Republicans are the Rev. Jesse D. Reber, Harrisburg, executive secretary of the Pennsylvania Council of Churches; Samuel H. Daroff, Philadelphia clothing executive; William H. Sytk, Philadelphia, head of a drug store chain, and Edward G. Petrillo, Erie.

Members of the commission would receive \$15 for each day they are in session.

In 1800 the world output of tin was 8,300 tons; in 1953 175,000 tons.

Two Rose Bowl Mentors Pleased

PASADENA, Calif. (AP)—There hasn't been a pessimistic note from either the Michigan State or UCLA camp this week as the Rose Bowl contestants approach peak fitness for their New Year's football game.

Both coaches, Duffy Daugherty of the Spartans and Red Sanders of the Bruins, are well satisfied with the progress their squads have made since practice started. Daugherty said today there is a little sharpening to be done, physically, "but we know we won't have trouble getting them worked up emotionally by January 2."

Sanders was informed by Dr. Walter Scott that star passer Ronnie Knox, who suffered a broken ankle bone in the Washington game November 12, was available for service. X-rays showed yesterday that the break has healed properly.

FAIRFIELD HIGH ADDS 7TH WIN

Fairfield High School chalked up its third straight victory to its record to 7-2 by crushing Northern Joint on the Dillsburg court Wednesday evening, 65-15.

Coach Johnny McAndrews' outfit were never in trouble after taking a 13-3 lead in the first period and pushing its margin to 36-9 at half time. The Fairfield defense permitted but six goals during the contest.

Eddie Spence was the big point man for the winners with 18 tallies while Herb Gingell and Sam Scott added 12 and 11, respectively.

The Fairfield Jaycees were outclassed in the preliminary, 59-26.

Fairfield meets its Alumni Friday evening, the first game starting at 7 o'clock.

Controversial School Bill For Changed Administration Structure Killed By Division

HARRISBURG (P)—Sen. Wagner (R-Schuylkill) indicated Wednesday that a controversial Senate bill calling for reorganization of Pennsylvania's educational administrative structure is dead.

"Division destroyed its chances of acceptance," said Wagner, a co-sponsor and chairman of the Senate Education Committee which has had the bill in its hands since Sept. 26.

Supported by Gov. Leader the bipartisan centralization would result in greater centralization of school administration with the creation of regional service areas in place of the present county setup.

Educators Disagree
It would eliminate the job of county school superintendent in favor of 32 or more regional superintendents.

In a speech prepared for the county superintendents section at the annual Pennsylvania State Education Assn. convention, Wag-

ner blamed lack of agreement among educators for failure of the bill.

"Unity on the part of its friends is essential to promote school legislation," he said. "We should strive for understanding. Some county superintendents championed it, other attacked it bitterly. The Department of Public Instruction offered a blessing, the State Assn. of School Directors opposed."

Further Examination
"I neither decry nor endorse these respective actions," Wagner added. "When in doubt further examination is the order of the day."

In supporting the plan on Sept. 29 the governor said its purpose was to "obtain equality of educational opportunity for every Pennsylvania youngster."

Specialists Vs. Laymen
The State Assn. of County School Superintendents first moved to have the bill amended but then gave up its attempt and declared

it would oppose the measure in its original form.

Generally, chairmen have life and death powers over bills committed to their committee.

"We must realize," Wagner continued, "when the specialists disagree on where they want to go the laymen are not inclined to finance the trip."

Wagner suggested that "the propaganda for enrichment of education seems to lay at the state's door a blame that might better be attributed to local deficiencies in assessments and taxes."

He pointed out that the state government provides almost twice as much per pupil as does the state of New Jersey which spends a total of more than \$100 per pupil above Pennsylvania.

"It requires intestinal fortitude to ring the bell and wake the people to their own personal local responsibility," he added.

Wagner was to speak at one of more than 15 panel sessions scheduled for the second day of the three-day convention. Close to 3,000 teachers are attending the meetings.

Need Public Understanding
In Tuesday's session greater public understanding was underlined as an absolute necessity in solving the problem of planning for higher education in Pennsylvania.

During a panel discussion, Lawrence E. Dennis, administrative assistant to the president of Pennsylvania State University, declared:

"The dimensions have been barely sketched for the public. We need to do more to develop public understanding of the problem—we must utilize all resources to develop public support and understanding of the problem facing us."

Rising Critical Levels
Another member of the panel, D. L. Biemesderfer, president of Millersville State Teachers College, predicted that because of the huge increase in college enrollments the "critical levels" upon which applications are rated "almost certainly will be raised."

Biemesderfer said he favored the "unpopular idea that we send to college too many students not adopted for the occupation of their choice—it's a waste of facilities."

Dennis, Biemesderfer and the other two panelists—Dr. Carl E. Seifert, deputy superintendent of the State Public Instruction Department, and Howard R. Reidenbaugh, executive secretary of the Pennsylvania Assn. of Colleges and Universities—are members of Gov. Leader's new Commission on Higher Education.

QUINTUPLETS WANT TO LIVE THEIR OWN WAY

MONTREAL (P)—A spokesman for the Dionne quintuplets says they are staying away from home to prove they want a life of their own, but they will visit their parents sometime in January.

The spokesman, G. Harold Edwards, a trust company executive who befriended the sisters while handling their finances, said they had planned to visit the family home at Callender, Ont., for New Year's until their father Oliva Dionne charged publicly that "outsiders" were splitting them away from the family.

By going home now they would be "giving in," the spokesman explained. He said the quintuplets "want to make a private life of their own."

The four surviving quintuplets—Annette, Cecile, Marie and Yvonne—held a small party last night in the apartment they have rented in northwest Montreal. Reporters in the hall outside could hear music and laughter and a young man came to the door when a newsman knocked.

The girl's spokesman said the young man was an official of the trust firm handling their finances, the more than \$200,000 each received from trust funds when they came of age this year.

Father Dionne was not reconciled by reports that the girls were upset at his charges and had denied they were breaking away from the family.

"I don't regret having issued the statement," he declared. "The embarrassment we were suffering over the separation became so great we felt obliged to make public how we felt about it. . . . We hold no grudge against the quintuplets. The stories out of Montreal support what we said in the first place—that the girls are being influenced by outsiders."

The girls' spokesman insisted they "love their family, but they do want a life of their own."

"They are enjoying a normal social life," he continued. "They have friends of both sexes. They like to dance and listen to music and go to shows. They like to read too, and they get a big kick out of cooking."

"Maybe they'll get a little house. . . . They're talking over this possibility. Meanwhile, they're having fun."

The girls' father had complained that they had not sent the family Christmas greetings, but the spokesman said they bought presents weeks ago to give their parents and eight brothers and sisters

on New Year's — French Canada's traditional time for exchanging gifts. He added:

"They had no Christmas gifts from their parents. Mr. and Mrs. Dionne evidently also follow the French tradition of presents at New Year's."

NEW OIL WELL

LOS ANGELES (P)—Oil has been struck in Boyle Heights, a residential area just east of downtown Los Angeles. Richfield Oil Corp. said its first well has been completed there and is flowing at 170 barrels a day. Gas production was recorded at a rate of 60,000 cubic feet a day. Additional wells will be drilled before the potential of the structure can be evaluated, Richfield said.

ADVERTISE IN THE TIMES

XMAS BUSINESS THROUGHOUT U.S. BEST IN YEARS

NEW YORK (P)—Businessmen busily totaling up their final accounts this week still act a little amazed at how much they produced and sold this year.

Merchants closing their books on a fat Christmas report dollar sales this season topping last year's, sometimes by as much as a fifth. The national average will be a much more modest gain, but in almost all parts of the country Christmas trade was the best ever.

The railroads added sharply to their earnings in moving these

goods around. The Association of American Railroads estimates the carriers will net 915 million dollars after taxes this year, a gain of 34 per cent.

Automobile production set a record and crowded the eight-million-car figure.

Steel mills turned out a staggering 116 million tons of the metal to beat its previous record in 1953 by 4½ million tons.

The building industry reports Americans spent a record 42 billion dollars for construction of all types. Businessmen put out nearly 28½ billion dollars for new plants and equipment, a gain of 1½ billion. The National Machine Tool Builders Assn. reports 900 million dollars worth of new orders in that industry, compared with 560 million the previous year.

Electronics producers moved nearly 6½ billion dollars worth of

their goods to market. Aluminum mills shipped a record four billion pounds of the metal, a gain of 36 per cent for the year. Americans consumed a record 1½ million tons of rubber.

DEMS TO SEEK TAX COMPROMISE CONFERENCES

HARRISBURG (AP) — Democrats were ready Wednesday to start tax compromise conferences in a fresh attempt to break the commonwealth's tax deadlock.

An administration spokesman, who declined quotation by name, said overtures would be made during the day to Republican leaders for a series of closed meetings seeking a give-and-take attitude on taxes from both sides.

There was no indication whether Gov. Leader and his aides have come up with a third proposal to

and the commonwealth's tax dilemma. Senate Republicans previously defeated the classified income tax and the 3½ per cent manufacturers' excise tax, both proposed by the Leader administration.

Brief Session Today
The lawmakers were to return to Harrisburg Wednesday for a brief routine session, with non-controversial legislation being put off until after Jan. 16.

Sen. Mahany, Senate Republican floor leader, said he hoped a tax solution would be achieved before the end of January although he held out no particular tax program that would meet Gov. Leader's approval.

Mahany has continually urged a sales tax but the governor has insisted he would veto such a levy.

Consumers' Excise Tax
Senate Republicans have under

consideration a plan to revive the defeated manufacturers' excise impost and transform it into a consumers' excise tax—a form of tax.

Mahany himself, however, has taken the position that any such revisions should result in an outright sales tax.

Republican strategy calls for transforming the excise levy into a form of sales tax so that Democrats will be required to vote on the floor on a sales impost.

Last week, the House Ways and Means Committee tabled two Republican sales tax proposals but declined to kill them.

The lawmakers return to Harrisburg officially marks the 1955 session as the longest in the commonwealth's history.

The previous marathon record had been held by the 1951 Legislature which adjourned finally on

Dec. 22.
In another development, Chairman McCann (D-Greene) of the House Education Committee, said local school districts will have to shoulder a larger burden of financing increased salaries in future years.

"Either the local district must support these costs or we will be forced with the state supporting the entire school system—even to the extent of taking over administration of local taxes," he declared.

McCann made the statement during a television program last night (WPTA's "Capitol Correspondents") coincidental with the annual convention of the Pennsylvania State Education Assn.

He said new standards must be imposed on the distribution of state aid so it can be done on an equal basis.

GI SENTENCED FOR DESERTION

FRANKFURT, Germany (AP)—An American Army private pleaded guilty Wednesday to deserting to Communist East Germany with his German girl friend. He was sentenced to two years at hard labor.

A seven-member general court-martial imposed the maximum sentence on Kenneth D. Miller, 23, San Francisco.

The court deliberated only 10 minutes.

The sentence also includes a dishonorable discharge and loss of all pay and allowances. It is subject to review by higher authorities.

Miller, attached to the 4th In-

fantry Division in Frankfurt, crossed into East Germany April 21, 1954, with Irmegard Bamberg. They were nabbed by Russian troops after they got only 50 yards inside Communist-controlled territory. Later the Communists let him work at an automobile plant in East Germany.

Miller returned voluntarily last Sept. 3. He gave himself up to U.S. army authorities, who charged him with desertion. He said he quit the East because he didn't like conditions there.

In a statement to the court, Miller said he fled to the East with Miss Bamberg because of "unjust military treatment" in his Army unit. This, he said, included disapproval by his commanding officer of going with a German girl because he was already married.

YANK SERGEANT HELD BY REDS 24 HOURS, FREED

BERLIN (AP)—A U. S. Air Force sergeant from Brooklyn, held for 24 hours by the Communists in East Berlin after an automobile accident, was back in West Berlin Wednesday.

U. S. Army officials said the accident which the Reds blamed on the sergeant's "drunkenness" actually was due to poor visibility and slippery roads. Soviet authorities turned him over to American officials Tuesday night at Karlshorst, East Berlin suburb where the Russians have headquarters.

The Army said this is what happened: M. Sgt. Mike Kilman, 46, stationed at Orly airfield in Paris, paid a Christmas visit to his German wife and her parents in West Berlin. He drove them to visit friends in East Berlin Monday night.

Claim Traffic Violation The East German Communists claimed Kilman ignored a traffic stop sign and that several persons were injured in an ensuing accident. He took the injured to a hospital where they received first aid

and were dismissed.

The Red police told Kilman his car would be returned if he accompanied them to their headquarters. He said they kept him in a barred room.

The U. S. Army began its investigation after the Reds announced a "drunken American" had caused the accident. Kilman's release came several hours after the Americans requested the Soviets to locate the sergeant.

Publish Picture

Kilman answered "no comment" when asked by reporters if the Communist charges that he was drunk and that an East Berlin motorist was seriously injured were true. Kilman's wife said, however, he was not drunk and that the East Berliner suffered a broken arm.

An American spokesman said Kilman did not wish to make statements because he feared he might place his insurance company in an unfavorable position. Neues Deutschland, official East German newspaper, printed a picture Wednesday of a smashed automobile which it said belonged to Kilman.

Four Alabama players — Harry Gilmer, Ed Salem, Dixie Howell and Clell Hobson — have gained more than 1,000 yard in one season for the Crimson Tide. Gilmer did it twice.

QUINT DENIES FAMILY RIFT; DAD IS ANGRY

MONTREAL (AP)—Yvonne Dionne, one of the four surviving quintuplets, denies that the famous sisters are "drifting" away from their family.

Olivia Dionne, the quint's father, said Tuesday none of the four girls visited the family at their Callander, Ont., home or even sent cards at Christmas. It was the first Christmas the girls have spent away from home since they were born.

"We were not surprised when they did not come home," he said. "We have realized for some months that they have been drifting away from us. In fact, lately they have been treating their brothers and sisters almost with contempt."

Yvonne, a student nurse with her sister Cecile at a Montreal hospital, tearfully denied any rift.

Report Plush Apartment
Another of the 21-year-old sisters, Marie, left a Quebec convent last November and went to the same hospital to be treated for over-fatigue. Annette, who was studying art at Nicolet, Que., joined Marie in November after a landslide closed the school.

Hospitals officials said Yvonne and Cecile had decided to work through Christmas and have a three-day holiday at New Year's. Marie and Annette left the hospital last week. A reporter checking a report that the two were living in a plush apartment in West Montreal was prevented from entering when the door was slammed in his face.

The fifth quint, Emilie, died in August, 1954, at St. Agath, Que., from asphyxiation suffered during an epileptic attack.

Each of the four surviving sisters received more than \$200,000 when they became 21 last May 28.

The father blamed "outsiders" he would not identify for the alleged rift with his daughters.

Collector Of Steam Engines Is Dead

LANCASTER, Pa. (AP)—Arthur S. Young, 66, of nearby Kinzers, whose collection of steam traction engines was reportedly second in size only to that of the late Henry Ford, died Tuesday.

Young organized the Rough and Tumble Engineers' Historical Assn. in 1949 and each year played host to thousands who were permitted to operate the 40 odd vehicles in his collection.

The Engineers Assn., founded by Young had members in 10 states and Canada and was devoted to maintaining the old traction engines for historical purposes. The engines included those used for threshing, saw mill operations and road building.

Income Tax Forms Are More Simplified

PROVIDENCE, R. I. (AP)—Russell G. Harrington, commissioner of internal revenue, says new income tax forms are more "understandable than any we have produced in recent years."

However, he said his office doesn't claim they are the ultimate in simplicity. The most simplified form, he suggested jokingly, would consist of the following four lines:

1. How much money did you make last year?
2. How much did you spend?
3. How much do you have left?
4. Mail it to the internal revenue service.

34 KNOWN DEAD IN CALIFORNIA'S WORST FLOODS

SAN FRANCISCO (AP)—Northern California faced the Herculean task of cleaning up after the worst floods in its history Wednesday as

threats of further danger diminished before the first generally fair weather in two weeks.

But the rising toll of known deaths was up to 35 Wednesday, and no one could say how many more bodies might be found. Estimates of those missing and possibly dead ranged from 19 to 35 or more.

Heroic work of Army, Navy, Air Force and Coast Guard men who manned boats, trucks, amphibians, helicopters and planes cut the loss of life by hundreds.

Damage estimates rose to 150 million dollars as receding flood waters permitted new assessments of the inundated areas. Army engineers said more than a million acres had been under water.

Million Acres Flooded
The Weather Bureau reported Tuesday night in its weekly summary that as much as 31 inches of rain fell last week in north coastal California and that floods from the Oregon line to Visalia 500 miles south were the worst the state had

ever experienced.

The crews battling the still swollen rivers appeared to have surmounted the last major danger late Tuesday. The high ocean tide which backed water up into the San Joaquin - Sacramento delta area east of San Francisco passed without additional flooding.

Two of the rich delta islands—Empire Tract and Quimby Island—were flooded Monday night, when soggy levees caved in. It had been feared that others might collapse.

Tuesday night in Eureka, Val Peterson, U. S. Civil Defense director, told state, county and federal officials that within the next two days representatives of "all appropriate agencies" will move into the flood areas to take up the federal part of the rehabilitation job.

Gov. Goodwin Knight yesterday ordered 300 more National Guardsmen to duty and sent them to Yuba City and Marysville, where it was feared that looting and sanitation

might become serious problems as waters receded from the evacuated cities.

The Southern Pacific Railroad resumed direct transcontinental rail service from northern California over the Sierra Tuesday and said that its service to Portland and through the valleys was back to normal.

TEACHERS WILL ASK ANOTHER PAY INCREASE

HARRISBURG (AP)—Another appeal for salary boosts was readied Tuesday by Pennsylvania's organized school teachers for presentation to the 103rd annual convention of the state Education Assn.

The three-day convention was to open Tuesday with registration of 800 official delegates and 2,000 teachers.

"Adoption of the complete program approved by the December, 1954, convention continues to be the goal," declared the report of the association's legislative committee.

As submitted to the House early this year, that program calls for a minimum teacher's salary of \$3,000 a year instead of the present \$2,400.

2 Pay Raises Sought
It would also provide for an immediate \$400 across-the-board hike for all teachers and another \$200 increase next year for teachers with more than 10 years experience.

Bills embodying the program are in the House Education Committee.

Only last week the Legislature approved a 31 million dollar appropriation for a total \$450 bonus, in two years, for all teachers. En-

abling legislation to grant the money has yet to be enacted.

Twenty round table discussions will feature the convention in simultaneous meetings at 10 downtown Harrisburg meeting places. Two business sessions were scheduled for Tuesday night and Wednesday and two general sessions for Wednesday and Thursday.

To Elect President

The closing session, when a successor to President Dan V. Skala, Erie, will be announced, is set for Thursday.

Gov. Leader has accepted an invitation to speak before the association Wednesday night and a host of community, state and national educators are also listed for talks.

Speaking on the general theme of the meeting, "Education—the Architect of Tomorrow," will be Kermit Eby, University of Chicago professor and Judge Homer S. Brown, of the Allegheny County Court.

The prepared report of the legislative committee, headed by Kermit M. Stover, Harrisburg, says: "Members of the Legislative Committee have pressed with great vigor for enactment of the entire legislative program approved in 1954... the adoption of an amendment adding 31 million dollars to increase teachers' salaries to an appropriation bill and its approval encourage us."

"The ultimate decision, however, on any legislation that would involve additional appropriations depends largely on the ability of the leaders of our two major political parties to agree on a tax program."

BUSINESS WILL CONTINUE AT PEAK LEVELS

WASHINGTON (AP)—Secretary of Commerce Weeks says a survey by his department shows that most major industries expect to continue operating during the first half of 1956 at peak levels or close to them.

Results of a year-end survey which Weeks made public Monday night said that record output is foreseen by such industries as iron and steel, aluminum, automobiles and trucks, construction and lumber.

The iron and steel industry was said to expect that the first half of the new year will be "one of the highest, if not the highest" production periods on record. Aluminum shipments, Weeks said, probably will run about 18 per cent above the first half of this year and 7 per cent above the last half.

Record Auto Output
An output of 4½ million autos and trucks was forecast in the first six months of 1956. That would be a record for the first half of any year. The aircraft industry was reported to have a 13½-billion-dollar backlog of orders. Shipbuilding orders are about 18 per cent higher than a year ago, Weeks said, although still far below what is regarded as normal good volume.

Weeks said construction outlays for 1956 are estimated at 44 billion dollars, which would surpass the estimated 42-billion-dollar record of this year by 5 per cent.

Newspapers and magazines, Weeks said, anticipate continued slight growth in circulation and in advertising. A continuing tight supply of newsprint was forecast.

The textile industry faces "somewhat clouded" prospects because of record imports from countries having low wage scales, Weeks said. Peak operating levels were foreseen for the consumer durable goods industry.

To Hold Inquest Into Pistol Death

WAYNESBORO, Pa. (AP)—A coroner's inquest will be held Friday into the gunshot death Monday of Hugh E. Bender, 22, Chambersburg R. 2.

Bender was shot to death with a .22 calibre pistol police said was held by a 16-year-old boy whom they declined to identify.

S.D. Shull, Franklin County coroner, scheduled the inquest and said the boy had been released in the custody of his parents.

JET EXPLODES, PILOT ESCAPES

LEVITTOWN, N. Y. (AP)—An Air Force Sabre jet fighter plane exploded in the air over this densely populated Long Island community Tuesday and crashed to the street without causing death or injury.

The pilot, Capt. T. Bruce Buechler, 30, reported he had been in the air about 10 minutes and was flying at 35,000 feet when an explosion jammed the controls and the plane fell off into a slow spiral. He bailed out at 10,000 feet.

The fuselage, main section of the wreckage, crashed and exploded again on the curb of Blacksmith Road between rows of small, neat homes. A car, which had been left there only minutes before, was demolished.

Taji 3 Miles Away

A few feet from the flaming heap was a home in which a grand-

mother was tending four children.

A tail section of the plane landed about three miles away in Bethpage. This prompted early reports that two planes were involved in the explosion.

Buechler, who lives at Jamesport, N. Y., was on a routine training flight. A West Point graduate, he is a veteran of 100 missions in Korea. He landed in a front yard three blocks from the crashed fuselage without any injury other than a bumped knee.

The crash was the fourth this year in this closely settled section of Long Island. Eight crewmen have died in the crashes but no one on the ground has been harmed.

Heavyweight boxing champion Ricky Marciano says he intends to take piano lessons.

RACIAL FEUD TO BLOCK AID TO EDUCATION

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—Don't be surprised if federal aid to education is blocked in Congress in 1956 over a fight to prevent any of the money from going to states which maintain racial segregation in public schools.

Many Democrats and Republicans say they favor providing federal money for new school buildings. But the National Assn. for the Advancement of Colored People will do its best to have some-

thing to say about it.

This is the NAACP's position: 1. When government money for educational purposes is given to states which do not comply with the Supreme Court's decision of May 1954 to end segregation, then the government is in effect helping support segregation.

2. Therefore, if a federal aid to education law is passed the NAACP wants tacked on to it a ban against giving any of the funds to states which it says "defy the court."

To Have Some Support
The NAACP will have some support in Congress. Just how much is not clear. Most Southern Democrats will certainly vote against any federal aid bill which contains the kind of amendment urged by the NAACP. Last year a federal aid bill was left high and dry in Congress.

There was a fight then over such an amendment. Rep. Powell (D-NY), a Negro, proposed it in the House. It was killed but not before Powell had a fist fight with Rep. Bailey (D-WVa) over the subject. In the end, the House never did vote on the bill itself.

Powell, one of those upon whom the NAACP is depending to lead the fight in Congress, says he will offer a similar amendment in 1956 when the federal aid bill comes up.

Want Ban
But the NAACP will probably want Congress to ban other kinds of federal aid for schools in states which are not integrating. The government gives money to land grant colleges, for vocational schools, and to school districts overcrowded because of some government activity in the area. Money for those purposes is

handed out by the Department of Health, Education and Welfare. Clarence Mitchell, director of the NAACP's Washington Bureau, recently wrote to Dr. Herold C. Hunt, undersecretary of the department.

Mitchell said he "assumed" the department would not continue to give money to states continuing school segregation. Hunt reminded Mitchell that the Supreme Court left it up to federal district judges to see that the high court's ban on segregation is carried out in their jurisdictions.

Asks "Determination"
So, Hunt said, before the department considered withholding school aid money there would have to be a "determination" by a federal judge that a particular state or school district was not complying with the Supreme Court's ruling.

Mitchell said yesterday that, in view of Hunt's reply, it is up to Congress to write into legislation a ban on the use of federal money for schools in states which "defy the court."

4 RESCUED FROM ANTARCTIC ICE

ABOARD USS GLACIER, in McMurdo Sound (AP)—Four Seabees were rescued by helicopter from an antarctic ice shelf on which they had huddled for 26 hours. They were found in a tent improvised from a parachute.

None of the men suffered any ill effects but one of them related, "If it wasn't for that parachute breaking the wind we would have died."

The men were stranded when their tractor-treaded Weasel fell into a crevasse that had been hidden by a layer of snow. They were picked up by a helicopter

from the icebreaker Glacier, lead ship of the expedition.

Drive Into "Whiteout"
The Seabees suddenly drove into a "whiteout"—a trick of light refraction that blots out the horizon.

"We slowed down and were just feeling our way," said Chief W. O. Victor Young, 29, of Wickford, R.I. Seconds later the three-ton Weasel crashed into breaking ice topped by a layer of snow.

Wedge in Crevasse
The vehicle fell four feet and remained wedged at an angle. Water came up through the floor boards.

"We got out in one hell of a hurry," said Young. With him were Cmdr. Herbert Whitney of Arlington, Mass., who is Seabees commanding officer on the expedition, and George Moss and William Burleson, both of Davisville, R. I.

West Virginia's football team has five men playing in their fourth year of varsity grid competition. They are: Tackles Sam Huff and Bruce Bosley, quarterback Freddy Wyant, halfback Bobby Moss and fullback Joe Maroon.

ECONOMIC AID ABROAD STIRS NEW REPORTS

WASHINGTON (AP)—The Eisenhower administration reportedly plans to ask Congress for power to commit the United States to a 10-year program of economic aid to friendly nations.

The sum for any country would vary, depending on the size of the project to be backed. A maximum ranging from half a billion to a billion dollars is being considered, with the money to be parceled out in annual installments.

Such a request would be virtually certain to stir up new opposition among members of Congress already critical of the administration's plan to boost its 1956 request for new foreign aid funds to nearly five billion dollars. Congress voted \$2,700,000,000 this year.

Without reference to the new long-term commitment the administration is reported to want, Sen. George (D-Ga.) said today he believes "there will have to be a very serious reappraisal" by Congress of the foreign aid situation.

Same Favor Trimming

George, chairman of the Senate Foreign Relations Committee, told newsmen in reply to a question that "sentiment has been growing in Congress to trim economic aid way down" since many free world countries, particularly in Europe, have shown excellent economic progress.

Congress has normally insisted that economic aid be granted strictly on a year-to-year basis, without any long-term commitments.

Informed officials said the administration has decided to ask for some kind of long-term pledge to allow greater flexibility in planning.

Officials emphasized the administration will seek only the right to make a "moral commitment" to back a specific foreign aid project over a long-term period. Congress still would decide whether to appropriate the funds each year, regardless of any such commitment.

These informants said further the administration would use such authority only when necessary to encourage a country to go ahead with a worthwhile long-range project it might otherwise abandon.

JUDGE GUNTHER SEEKS NEW POST

PITTSBURGH (AP)—Judge Blair F. Gunther, 52, of the state Superior Court, will seek the Republican nomination for the state Supreme Court at the April primaries.

In announcing his candidacy Tuesday, Judge Gunther became the second jurist to declare he will run on the Republican ticket for the nomination. The other avowed candidate is Judge Thomas F. Lansberry of the Somerset County Common Pleas Court.

A resident of Pittsburgh, Judge Gunther was appointed to the Superior Court bench in April, 1950. In November of that year he was elected to a full 10-year term, leading the Republican state ticket by about 50,000 votes.

Republicans and Democrats will choose candidates in April for a vacancy being created on the Supreme Court bench by the retirement of Chief Justice Horace Stern at the expiration of his 21-year term.

HARRISBURG (AP)—State Treasurer Weldon B. Heyburn said Wednesday he has been asked to become a candidate for Republican state chairman and "possibly" would accept the post should a vacancy develop.

Newsmen put the question to Heyburn when reports circulated that Miles Horst, present GOP state chairman, might resign to take a job with the U. S. Department of the Interior.

Horst could not be reached for comment.

\$100,000 Damage In Mount Carmel Fire

MOUNT CARMEL, Pa. (AP)—Fire swept a three-story brick building in the downtown area Wednesday causing damage estimated at \$100,000.

The blaze started in the basement of the building from undetermined origin and swept upwards through the three floors. The first floor housed the Wels' Supermarket and the upper floors were occupied by the Knights of Columbus and the Catholic Daughters of America.

Firemen from Mount Carmel and nearby communities fought the blaze for three hours in freezing weather before getting it under control.

2 Men Killed In Truck-Train Crash

LEHIGHTON, Pa. (AP)—Harry M. Smith, 26, Wellsport, Pa., and Franklin W. Haupt, 19, Lehighton, Pa., died Tuesday night in a collision of their borrowed truck and a freight train. The accident occurred at the Bowmanstown Crossing of the Central Railroad of New Jersey, about four miles southeast of Lehighton.

Smith, identified as the driver of the truck, was killed instantly. Haupt died on the way to the Palmerton Hospital. The two men were out collecting junk in a small pickup truck.

LANCASTER, Pa. (AP)—This city's paratyphoid outbreak has been declared officially ended.

Dr. Oscar Davis, Lancaster County medical officer, said Tuesday no new cases had been reported for two days. Some 200 persons, most of them children, were stricken by the disease between Dec. 5 and Christmas.

WOMEN GETTING RECOGNITION IN BUSINESS LIFE

By SAM DAWSON

NEW YORK (AP)—The frail sex grows steadily stronger—industrially and financially—thanks to electronics and statistics.

With more women working all the time, and at jobs once considered only man's work, making more money and living longer to spend it, business increasingly tilts its products and processes their way.

And the more pushbutton the better, as the banks have found in their quest for a stable labor force.

In the products field, power steering made its first great appeal to the woman driver. Men liked it but wouldn't admit they weren't strong enough to park a car easily.

Electric typewriters ease the daily toll of the tired stenographer. Prepared and prepackaged foods make homework easier for feminine breadwinners returning from the office or factory.

Automation To Help

Now automation may see to it that the female with pushbuttons at her fingertips is the equal of the male in industry.

And the women will tell you it's high time too. Around one third of the 54 million of the nation's women over 14 years of age are reported working now. Their total number is one third higher than before World War II.

Some 18 million women at work are under 65 and about a half million others are past that age. In the younger group the greatest percentage are in clerical or sales jobs. In the older group nearly half

Highway Worker Is Shot To Death

SHAMOKIN, Pa. (AP)—A 49-year-old former state highway worker was found shot to death Tuesday night in his cabin along Rt. 122 at Paxinos R. 1, Northumberland County.

State police said a .32 caliber pistol lay near the body of Leo Kehler, a bachelor who lived in the cabin alone. The body was found by a sister, Mrs. Myron Foss.

Police said Kehler recently was discharged from the Lebanon Veterans Hospital after receiving treatment for a back injury. He was employed by the state Highway Department until the last change in administration.

An investigation was ordered into Kehler's death.

are in service jobs. But nearly a third of the younger group and a fifth of the older are doing professional, technical or industrial work.

Banks, for instance, now employ more women than men. And in some sections of the land there are more women bank vault custodians than men, and more women branch bank managers.

LEADER FEARS WORLD THREAT

BOILING SPRINGS, Pa. (AP)—

Gov. Leader says "collective security" among nations could provide hope for a world now threatened with destruction from nuclear weapons.

Addressing a meeting of the Woodrow Wilson Birthday Assn. of Cumberland County Tuesday night, the governor said:

"If we believe in collective security, as we should, neutrality would become well-nigh impossible; for we shall have become our brother nation's keeper."

He warned that the world today is in grave danger of destruction from nuclear weapons and asked: "Have we a Frankenstein's monster on our hands? Or is the unleashed atom a docile, powerful servant for man's well-being?"

The collective security, he explained, is patterned after that taught by the late President Woodrow Wilson.

"As we meet tonight, preparatory to celebrating the 100th anniversary of a great President's birth, we can do nothing more in

the Wilsonian spirit than to pledge ourselves to his belief in the international family of nations and its ability to work out the world's destiny by non-violent means," he declared.

TO INVESTIGATE
COMPENSATION
FOR IDLED MEN

PHILADELPHIA, Dec. 29 (AP) — The State Bureau of Employment Security today looked to Jan. 23 for a finding of fact in the petition of idled workers at the Westinghouse Electric Corporation plant at Lester for unemployment compensation pay.

Robert Wagner, hearing master for the bureau, set Jan. 15 as the tentative deadline for filing of briefs by company and union attorneys and said he will have his own findings ready five days later.

Wagner's announcement concluded an intensive one-day hearing yesterday in which a company official maintained the 2½ month work stoppage at Lester is a strike and Local 107, United Electrical, Radio and Machine Workers of America, Independent, contended employees were locked out.

Strikers Get No Benefits

Under Pennsylvania law, strikers are not entitled to jobless pay benefits.

Edward L. Savitsky, business agent for the local, testified that idled employees are willing to return to work pending negotiations with the company if working conditions prior to Oct. 14 are resumed.

That date was when the old company-union agreement expired. Union officials said that on the following Monday, or Oct. 17, all gates at the plant except one were padlocked and chained.

Strike Follows Shutdown

Negotiations had been going on for 60 days prior to that but no agreement had been reached.

Following the Lester shutdown, a national strike of the union was called 10 days later at 10 other Westinghouse plants.

Paralleling the questioning of Savitsky, William W. Heimbach, industrial relations supervisor at the Lester plant, was asked whether the company would furnish work for the employees under previous working conditions and pending further negotiations for a new contract.

"I can't answer that," replied Heimbach.

Claims Lockout

John G. Wayman, Westinghouse counsel who flew in from Pittsburgh for the hearing, queried Savitsky on whether the Lester workers would go back to their jobs in the face of the national strike.

"That is entirely up to members of the local," Savitsky said. "The national strike is another issue."

"Why?" asked Wayman.

"Because we were locked out before it started," the union official replied.

Previous company proposals to reduce the average hourly wage at the plant from \$2.50 to \$2 were cited to Heimbach. He said in reply that those proposals were not considered "fair."

Savitsky maintained that the company is "deliberately" stalling off negotiations in order to put into effect its own working conditions since the old contract has expired.

REDS CUT ARMY FUNDS; SENATOR GIVES WARNING

By G. MILTON KELLY
WASHINGTON (P)—Sen. Mansfield (D-Mont.) said Wednesday "we shouldn't be taken in" by Russia's announced plans to cut its military budget by 10 per cent next year. "We must keep our defenses up," he cautioned.

ate Foreign Relations Committee, suggested the development could mean a Soviet switch to heavier reliance on atomic striking power. Several other senators of both political parties also were openly skeptical of the Soviet Union's intentions.

Others Skeptical
Sen. McClellan (D-Ark.) said he is "very skeptical that there is any truth in the statement that Russia is reducing her military expenditures by 10 per cent."
Sen. Dworshak (R-Idaho) said, "When I have proof, I'll believe it."
Sen. Potter (R-Mich.) said he takes the Russian announcement

CREATOR OF JOE PALOOKA FOUND DEAD IN STUDIO

NEW YORK (P)—Ham Fisher, creator of the popular comic strip hero Joe Palooka, was found dead Tuesday night in a friend's studio. Nearby were two notes indicating suicide, police reported.

Fisher, 54, whose full name was Hammond Edward Fisher, wrote in the notes of failing eyesight and a diabetic condition. He said that he had swallowed some pills.

The body was discovered about 9 p.m. in the studio of Moe Leff, where Fisher had been working lately during his friend's absence from town. The discovery was made by another friend, Morris Weiss of Englewood, N.J., whom Fisher's wife Marilyn had called after becoming alarmed over not hearing from her husband.

Calls Mother
Police said Fisher's mother had received a call from him, her only child, early in the afternoon. He spoke at length with sentiment and feeling. The time of death was set at about four hours later around 5 p.m.

Fisher, whose strip was syndicated at the time of his death in some 800 newspaper, was a self-taught cartoonist. He practiced his art in spare time while working as a reporter and advertising salesman on his home town newspaper, the Wilkes-Barre (Pa.) Record.

The strip brought Fisher wealth and fame. He became vice president of the Lancaster & Chester Railroad and a director of the American Title & Mortgage Co. of Miami, Fla. He briefly branched into radio and movies.

NAME STATE STAR FARMER
HARRISBURG (P)—James H. Speer Jr., 17, Blairs Mills, Juniata County, will be officially named "State Star Farmer of Pennsylvania" during the Pennsylvania Farm Show next month.

The State Farm Show Commission said Tuesday Speer will receive his award at a meeting of the Future Farmers of America during the farm show which begins Jan. 9.

A 1955 graduate of Juniata Joint High School at Milltown, Speer was chosen because of his achievements in scholarship, agriculture and leadership, the commission said. He represented the 17-county south-central district.

Regional winners are:
Richard Plotts, 17, Forkville, Sullivan County, representing the 15-county northeastern region;
Charles Shoun, 19, Avondale R. 1, Chester County, representing the 16-county southeastern region;
Victor R. Cotton, 16, Saxenburg R. 1, Butler County, the nine-

"with a large grain of salt."
McClellan, Dworshak and Potter serve on the Senate Appropriations Committee.

Defense Budget Cut
The Soviet Parliament, meeting in Moscow, has been asked to approve a 1956 budget which provides for defense appropriations totaling 102½ billion rubles. This is nearly 10 per cent below the 1955 estimate of 112,122,000,000 rubles. Approval is a foregone conclusion.

Although the Russians peg the ruble at 25 cents, its purchasing power is considerably less.

The actual Russian military outlay is not fully reflected in its defense appropriations figure because many directly related items are hidden under other budget headings.

U. S. defense spending currently is at annual rate of 34½ billion dollars.

Grand Jury To Sit In Lewisburg

SCRANTON, Pa. (P)—A federal grand jury will sit in Lewisburg next week for the first time in three years.

U.S. Atty. J. Julius Levy, who made the announcement Tuesday, said the move was prompted by a number of complaints from the Lewisburg-Milton area that persons were being inconvenienced by having to travel to other communities to appear before the jury.

Levy said that several cases will be examined by the jury while in session at the Union County seat. He declined to make specific references to any one of them.

WHO WANTS TO BUY ELEPHANT CHEAP AT \$4,995

By HILLEL BLACK
PHILADELPHIA (P)—Anybody want to buy an elephant?

The John Wanamaker department store here has one on sale for \$4,995.

"It's a bargain," the salesman said. "Hannibal originally cost \$7,800 but we reduced the price in line with the store's two-day Christmas season sale."

At this point, Hannibal, whose 14 months and 550 pounds make her just a tot among pachyderms, lifted her trunk and trumpeted.

As the roar cascaded through the

pet shop, a hush fell among the other animals and visiting children. But the salesman smiled confidently.

"Just think of who you could be if Hannibal was yours," he said. "You would be the only private owner of an elephant in the United States."

Can Do Many Things
"I bet you would be surprised at all the things you can do with an elephant. Suppose your garden hose breaks. All you have to do is set out a dozen pails of water. Then call on Hannibal to spray your flowers."

"As for moving furniture or a snowbound car, just have Hannibal put her stout head against anything heavy and she will push it wherever you want it."

"Of course," the salesman admitted, "Hannibal does have a few personal habits that you have to cater to."

One of her habits turned out to

be a hearty breakfast and dinner with the day's feeding consisting of one bushel of kale, one bushel of carrots, 10 to 12 quarts of oats and a bale of hay which she alternately uses as a bed and an in-between snack. At present grocery rates this would add up to \$42 a week.

Hannibal also is concerned about her complexion and there is nothing she likes more than a nice oily skin. The other day it took four men two hours to give her a beauty treatment using two pounds of pure lanolin.

7 ENTER HOSPITAL
WEBB CITY, Mo. (P)—Mrs. W. F. Watts, Miller, Mo., and her six children, ranging in age from 3 to 14, entered Jane Chinn Hospital for tonsilectomies yesterday.

Why all at once?

"To get it over with," Mrs. Watts said.

May Use Guard To Curb Fatal Crashes

CHICAGO (P)—Aroused by the heavy traffic death toll in Illinois during the Christmas weekend (40), Gov. William G. Stratton says he may use National Guard troops to help patrol highways over the New Year holiday weekend.

At the same time, Mayor Richard Daley of Chicago said he was studying plans for setting up roadblocks throughout Chicago so police could make spot checks for drunk drivers.

STEALS TWO ARMS
KOICHI, Japan (P)—Toshio Yokota, 30, a vagrant, today confessed that he stole two arms from the 1,145-year-old wooden statue in an Osaka temple. He said he thought the statue's six arms were too many even for Buddha.
